Product: Perforated Metal

Pattern: Ramble

A new take on a linear pattern, Ramble's map-style directional lines create a dynamic design that achieves an energetic effect for interiors and exteriors.

Customisation options:

- **Design scale:** Increase or decrease the pattern, depending on panel size
- **Hole size:** Enlarge or reduce the perforations to achieve the required open area percentage
- **Finishes:** Add a finish, from powder-coated colour to special coatings that increase longevity and weather resistance.
